Dear ASUW Elections Participant,

Welcome to the ASUW Elections process! Each year, ASUW Elections transforms the campus as well as the students who choose to devote their time to the process. The journey that you are about to embark on will be a challenging but rewarding experience. With the obstacles and accomplishments on the road ahead, the EAC wishes you the best of luck throughout the campaigning process. Together, our efforts to invigorate the UW campus will highlight the best parts of both the ASUW and UW community.

The Elections Administration Committee has been hard at work to create a fair, ethical, and accessible elections process for the student body. Our goals include the promotion of candidates as well as the dissemination of information to educate voters and further increase voter turnout. Throughout the campaigning period the EAC will serve as a resource for all candidates and volunteers, as well as the student body. We encourage you to get to know our committee, as we will be working closely together over the next few weeks.

Above all, the EAC Chair and Vice Chair are here to support you through this exciting and challenging process. Please let us know how we can better serve you and please do not hesitate to contact us at any time.

Finally, as you campaign and connect with students and organizations from across campus, we hope you take the opportunity to enjoy and reflect on your growth throughout the process. We look forward to watching you develop as student leaders and sharing this experience with you!

Best of Luck!

Section II: Fair Campaign Practices Statement

The Fair Campaign Practices Statement is a non-binding set of ideals designed to promote goodwill among campaigners. The First Amendment prevents the ASUW from restricting the content of candidates' campaign messages; however, the ASUW encourages all campaigners to follow the Fair Campaign Practices Statement. Because the Fair Campaign Practices Statement is non-binding, the ASUW will not consider complaints that allege violations of the Fair Campaign Practices Statement and will not issue penalties to those who violate the Fair Campaign Practices Statement. This statement is to be included before the candidates' pictures in the ASUW Voter's Guide and it will be indicated which candidates have agreed to follow these values.

1. I will conduct my campaign, discuss the issues, and present the record with sincerity and honesty.
2. I will not appeal to, and will condemn appeals to prejudices based on age, ancestry, citizenship status, disability, ethnicity, gender expression or identity, marital status, national origin, parental status, political ideology, race, religion, sex, sexual orientation, and/or veteran status.

3. I will uphold the right of every qualified voter to free and equal participation in the election process. I will not take part in, and will condemn those practices that tend to corrupt or undermine the system of free election or prevent the expression of the voters.
4. I will uphold the right of every qualified candidate to free and equal participation in the election process. I will conduct my campaigning in a way that does not impact the accessibility and fairness of the election process.
5. I will promptly and publicly repudiate the support of any individual or group, which resorts, on behalf of my candidacy or in opposition thereof, to methods in violation of the letter and spirit of this Statement.
6. I will not participate in, and I will condemn, personal vilification, defamation, and other attacks on any opposing candidate, party, or ballot measure advocate.
7. I will not use or authorize, and I will condemn, materials relating to my campaign which falsify, misrepresent, or distort the facts, including, but not limited to, malicious or unfounded accusations tending to create or exploit doubts as to the morality or motivations of any candidate, party, or ballot measure advocate.
8. I will refrain from using my position as an officer in a Registered Student Organization (RSO) or University recognized student group in which I am involved to unfairly seek votes, official endorsements, or affiliates.
9. I will respect the privacy of the voting process, and will not in any way interfere with the neutrality of balloting when another individual is voting.
10. I will refrain from any misuse of the ASUW Constitution and the ASUW Bylaws to gain political advantage for myself or any other candidate.
11. I will not exploit or cause the intoxication of any individual to gain political advantage.
12. I will insist that my affiliates adhere to the Fair Campaign Practices Statement when campaigning on my behalf.

Section III: Candidacy and Filing

1. To file, the candidate must submit the following via the the filing page on vote.asuw.org/filing and then verify the following forms, in person, with the designated staff member in the SAO office by the Candidacy Filing Deadline:
 - a. An official filing form, provided by the EAC and signed by the candidate without amendment. The form provided must contain the following essential elements:
 - i. An indication that the candidate intends to seek election to a specific office.
 - ii. A declaration that the candidate believes themselves to be eligible for election to the indicated office in accordance with the ASUW Bylaws, and believes this eligibility will be maintained throughout the election cycle.

- iii. Optionally, the name of another current UW student who will serve as campaign manager for the candidate.
 - iv. An agreement to comply with this EPP and pay any penalties duly assessed to the candidate under the provisions of this EPP.
 - b. A completed preliminary financial disclosure form.
 - c. Their completed platform and three qualifications that they wish to have listed in the ASUW Voter's Guide.
- 2. The candidate must give written permission, in-person, to the SAO Office by the Candidacy Filing Deadline to verify the following forms from the registrar:
 - a. A copy of the candidate's current Spring Quarter class schedule.
 - b. A copy of the candidate's most recent unofficial transcript, with the candidate's cumulative grade point average (GPA) indicated.
 - c. Candidate transcripts submitted under this Section are prohibited from being released to the public.
- 3. In order to register as a Ballot Measure Advocate, the Advocate must submit the following via the the filing page on vote.asuw.org/filing and then verify the following forms, in person, with the designated staff member in the SAO office by the Ballot Measure Advocate Filing Deadline:
 - a. An official filing form, provided by the EAC and signed by the Advocate without amendment. The form provided must contain the following essential elements:
 - 1. An agreement to comply with this EPP and pay any penalties duly assessed to the candidate under the provisions of this EPP.
 - 2. A completed preliminary financial disclosure form.
 - 3. Indication of the Ballot measure they wish to oppose or support
 - 4. Their completed 150 word or less statement of support or opposition
- 4. The EAC, in cooperation with SAO, shall verify the eligibility of candidates. If eligible, each candidate shall be certified by the EAC no later than the Certification Deadline.
- 5. At the time of certification, the EAC Chair shall sign the list of all eligible candidates and the office each is seeking, and shall immediately post this list on the glass entryway to the ASUW 121 Suite in the HUB, on vote.asuw.org, and on the ASUW's official Facebook Page.
- 6. All candidates must attend the EAC ethics seminar. An alternate seminar will be offered for those unable to attend the scheduled seminar.
- 7. Candidates are expected to attend scheduled EAC candidate forums. In the event that they cannot, their registered campaign manager may stand in for them.
- 8. No candidate may file for more than one office in any one election, nor may any candidate simultaneously serve as a campaign manager for another candidate.
- 9. Any member of the 2018-2019 Elections Administration Committee who intends to endorse or participate in any ASUW election campaigning must resign their position by

the first day of Spring quarter. If the resignation does not take place, the Elections Administration Committee member will automatically forfeit their position on the committee. This provision does not apply to the Board of Directors Liaison. This liaison must be treated as though not a member of the Elections Administration Committee during the elections process.

10. Additional space must be provided on the ballot for each office in which any voter may write-in a name not printed on the ballot. If a write-in candidate prevails in the election, the candidate has until the Write-In Filing Deadline to retroactively file for candidacy in the manner described in Part 1 of this Section. Upon filing, the write-in candidate becomes subject to this EPP as though a candidate filing normally. The EAC shall proceed to verify the write-in candidate's eligibility. Write-in candidates who fail to file for candidacy or are determined to be ineligible are disqualified from prevailing in the election.
11. **Office hours for communication to the EAC via email are during posted business hours. The EAC will strive to reply by the end of office hours within the next two business days. Any other communication will not count as public record and will not be addressed. The EAC will respond to phone calls, email inquiries, and in person meetings within posted office hours.**

Section IV: Tickets and Collaboration

1. **The EAC will not inhibit candidates from associating with one another, however, tickets are not officially recognized by the EAC or ASUW.** The ASUW and EAC will not put mentions, indications, and inferences of candidate affiliation in publications **or during ASUW sponsored events and forums.** It is at the discretion of the EAC to determine what constitutes mentions, inferences, and indications of candidate affiliation and to prevent their inclusion in ASUW publications.

Section V: Endorsements

1. "Endorsement" means an action or statement by an individual or group that publicly supports a candidate or ballot measure, including signing an official endorsement form.
2. Candidates and ballot measure advocates must not seek endorsements prior to the Campaign Start Date.
3. Candidates and ballot measure advocates must not imply endorsement by a person or group without the consent of that person or group. In any complaint alleging a violation of this subsection, it is assumed that consent did not exist, unless an official endorsement form was filed.
4. In order for endorsements by Registered Student Organizations (RSOs) and University recognized student groups to be published in official election materials and ASUW

publications, the endorsement must be registered with the EAC using EAC provided endorsement forms or EAC designated online method. If from an RSO, these forms must include the signatures of at least three of the current officers registered with the SAO at the time the document is submitted. If from another student group, the endorsement form must bear the signatures of three of its current officers. Endorsements submitted online must be certified using UW Net ID to verify RSO or University recognized student group officer status. The EAC additionally requires at least one officer from every RSO or University recognized student group filing an official endorsement to attend an EAC co-sponsored forum held before the endorsement deadline. Failure of a representative officer to attend will disqualify that RSO or group's endorsement from being listed in official elections materials or ASUW publications. The EAC will have a check in and check out sheet at each of these events to keep track of attendance.

- a. Candidates, Campaign Managers, and Ballot Measure Advocates cannot serve as the representative for the RSO or University recognized student group.
5. No endorsement may be listed in ASUW publications unless it has been officially filed with the EAC in the form prescribed by the EAC. Endorsements by individuals will not be listed in ASUW publications.
6. No ASUW employee, volunteer, appointee, entity, or committee may make endorsements in official capacity; and no ASUW equipment or supplies, including employment time or office hours, phones, office machines, office space, and email accounts, may be used for campaign purposes, except as authorized by the EAC. Any candidate or ballot measure advocate receiving an endorsement from an ASUW employee, volunteer, or appointee in personal capacity must, when campaigning with such endorsement, clearly state that such endorsement is in the individual's personal capacity only.
7. All endorsements that appear in the official EAC Voters Guide must be received by EAC by the Endorsement Filing Deadline. The EAC Voters Guide must provide space for no more than fifteen and no fewer than five endorsements per candidate or ballot measure, as determined by the EAC.
 - a. **If candidates receive more endorsements than are printed in the EAC Voters Guide, endorsements selected by the candidate, then endorsements will be printed in alphabetical order unless otherwise directed by the candidate or ballot measure advocate. All endorsements will be listed on the ASUW Elections website.**
8. Proposed statements in favor of and against ballot measures, no more than 150 words in length, may be emailed to the EAC Chair before the Publication Filing Deadline, together with an agreement by the submitter to comply with this EPP if that person has not registered as a Ballot Measure Advocate. The Judicial Committee is responsible for ensuring that there is an author for both a Pro and a Con statement for each ballot measure. If more than two are submitted for each side of a ballot measure, the Judicial

Committee shall choose no more than two statements in favor of and two statements against each ballot measure, which will be printed in the Voter's Guide.

Section VI: Campaigning

1. Campaigning must not begin before the Campaign Start Date.
2. Campaigning includes, but is not limited to, the following activities, when such activities are undertaken by a candidate, a candidate's affiliates, a ballot measure advocate, or a ballot measure advocate's affiliates:

3. **Campaigning does not include:**
 - a. The act of wearing personal campaign apparel, such as t-shirts, buttons, or pins; or
 - b. The private organization, planning, and development of a campaign, including the recruitment of volunteers, planning of strategies, and production of campaign materials.
 - c. **The process of recruiting volunteers in a private setting or individual basis for the purposes of assisting candidates after the campaign start date. Any event or gathering can not publically be advertised to students.**
4. Candidates, Affiliates, and Ballot Measure Advocates may not campaign or wear campaigning materials while acting in an official capacity of the ASUW.
5. No candidate, candidate's affiliate, ballot measure advocate, or ballot measure advocate's affiliate may, in the course of campaigning:
 - a. Campaign in the ASUW or GPSS offices, or in the HUB
 - b. Store campaign materials within ASUW or GPSS offices.
 - c. Campaign at any event or meeting that is conducted, funded, or sponsored by the ASUW, with the exception of election forums.

- d. Collect donations for the ASUW, unless such donations are collected for the benefit of the Husky Pride Fund and sufficient proof of deposit is provided to the SAO by the Final Financial Disclosure Deadline.
 - e. Violate the Facility Services Policy, the Residence Hall Solicitation Policy, or any UW IT policies, including the improper posting of campaign signage.
 - f. Post lawn signs or sandwich boards on the University campus before the campaign start date; fail to remove such signs by the Lawn Sign Removal Deadline; or post a lawn sign exceeding 16 square feet.
 - g. Use electronic media to interfere with the neutrality of the ballot, including, but not limited to, failing to cause links to the ballot to appear in a new browser window with the full width and height of the screen.

 - i. Interfere with the academic instruction and mission of the University; including, campaigning in University buildings without the permission of the building supervisor, or campaigning in a classroom without the permission of the instructor.
 - j. Violate any applicable law, whether federal, state, or local is a severe violation.
6. The EAC shall sponsor one candidate and ballot measure forum at the ASUW Student Senate, and as many public forums as the EAC determines are necessary.
7. The EAC may elect to co-sponsor events and forums held by a Registered Student Organization (RSO) or University recognized student group , provided that:
- a. The RSO or University recognized student group actively encourages attendance at the event. This is, at minimum, promotion on social media, email lists, and at least five print advertisements in academic buildings or centers of student life.
 - b. The event has a broad base of appeal to the campus community and is open to all students.
 - c. The RSO or University recognized student group commits to treat all candidates and ballot measures equally. This entails presenting candidates only as individuals regardless of any unofficial associations they may hold with other candidates.
 - d. The RSO or University recognized student group defers to the EAC guidelines with regard to the structure and management of the event. The guidelines are as follows:
 - i. Forum moderators must meet with the EAC Chair or Vice-Chair between the Candidacy Filing Deadline and the Campaign Start Date.
 - ii. Forums may last no longer than 120 minutes without approval from the EAC Chair or Vice-Chair.
 - iii. Forum structure must be approved by the EAC at least one week prior to the event.

- iv. Forum structure must be made public to candidates and/or ballot measure advocates at least 48 hours prior to the event.
- e. The RSO or University recognized student group acknowledges the EAC's authority in sponsored forums.
- f. The event complies with any other criteria which the EAC determines are necessary.

Section VII: Polls

1. Polling will be conducted by online voting. The EAC shall host an online poll at a web address of their designation. Polls will be open from the Poll Open Date to the Poll Close Date and Time.
2. Elections for positions on the Board are conducted through a system of Instant Runoff Voting (IRV), as provided in the ASUW Bylaws. The first candidate for a position to receive over fifty percent of the vote will be elected to the position. Voters may rank as many or as few candidates as they choose.
3. The EAC shall operate information booths, selecting locations based on the following factors:
 - a. Accessibility to large numbers of students; and
 - b. Location relative to other information booths.
4. The EAC shall establish polling places at the same locations as the information booths, provided that it has the resources to do so.
5. All information booths must be equipped with measuring tape and complaint process information clearly available.
6. The online voting system and information booth operating hours and locations must be well-advertised by the EAC on-campus prior to and on the days of voting. At a minimum, well-advertised is defined as:
 - a. An estimated reach of 25% of the student body. Suggested methods include, but are not limited to:
 - i. Social media ads, including promoted ads on Facebook and Instagram;
 - ii. Print and/or digital ads in living communities, academic buildings, and centers of student life.
 - iii. RSO presentations.
 - iv. Advisor, RSO, and entity email list servers.
 - v. At least one ad in a section of The Daily other than the classified section, appearing within one week of the election.
7. In the event of a technical issue with the online voting system, the Board may postpone the election until such a time that the online voting system is operational, or may provide for voting by paper ballot.

8. No candidate, candidate's affiliate, ballot measure advocate, or ballot measure advocates affiliate may:
 - a. Campaign within 100 feet of any EAC balloting area, including information booths and polling places, on any election day.
 - b. Provide or operate any voting station, computer, or other device with intent that such device be used to mark or submit ballots, with the exception of the personal ballot of the device provider or operator.
 - c. Intentionally view any voter's marked ballot or make any mark on a voter's ballot, unless authorized by that voter.
 - d. Tamper or alter any official election material or ballot without authorization.
 - e. Fail to properly submit a campaign platform for publication in The Daily.
 - f. Make unauthorized additions or deletions to The Daily or any other University of Washington publication with the intent of promoting or opposing any candidate.
 - g. Use any force, threat or unlawful means to hinder or deter any voter from voting, or to obtain a vote for or against any candidate or ballot measure.
 - h. Directly or indirectly offer any bribe, reward, or anything of value to a voter in exchange for the voter not voting, or in exchange for the voter's vote for or against any candidate or ballot measure.

Section VIII: Campaign Finance

1. Each candidate and ballot measure advocate must file an up-to-date and accurate statement of all campaign expenditures on or before the date due.
2. Campaign expenditures encompass the total amount expended in the course of campaigning by the ballot measure advocate, candidate, and their affiliates. Previously owned, donated or discounted goods and services constitute a campaign expenditure as though purchased by a candidate or ballot measure advocate at fair market value, meaning that the good's price is equivalent to its cheapest advertised amount. These expenditures must be accounted for at fair market value in financial disclosures. Receipts must be attached to the final financial disclosure form in compliance to the standards the EAC may develop. However, the following do not constitute donated or discounted goods or services:
 - a. The value of services provided without compensation by any individual who volunteers on behalf of a candidate or ballot measure advocate.
 - b. Donations or discounts provided equally to every candidate and ballot measure advocate, whether candidates or ballot measure advocates take advantage of the discounted products or not.
 - c. Items used only temporarily in campaigning, such as chairs, tables, and canopies.

3. Candidates may promote or oppose ballot measures as part of their campaign, but any expenditure for such purpose is a campaign expenditure of the candidate.
4. Candidates and ballot measure advocates must submit a preliminary financial disclosure form via an online method provided by the EAC and then verify, in-person, this form with the SAO by the Candidacy Filing Deadline. Candidates and ballot measure advocates must also submit a final financial disclosure form via an online method provided by the EAC and then verify, in-person, this form with the SAO office by the Final Disclosure Deadline. Submitted forms must be posted on the glass entryway to the ASUW 121 Suite in the HUB.
5. Campaign Spending Limits are as follows:
 - a. No ballot measure advocate may have campaign expenditures in excess of \$50.
 - b. Candidates are able to spend up to the following amounts:**
 - i. \$270 for candidates for the office of President, \$225 for candidates for the office of Vice-President, and \$180 for candidates for any other position.

Section IX: Violations

1. It is at the discretion of the Judicial Committee to determine if a single offense that continues to occur constitutes multiple offenses.
2. Violations are punished by a monetary fine or disqualification. Disqualification includes both disqualification from ballot placement and disqualification from prevailing in the election. No disqualification may extend beyond the election cycle with respect to which the violation occurred. In the case of ballot measures, the ballot measure itself may be disqualified from ballot placement and disqualified from passing as punishment for violations by a ballot measure advocate or their affiliate
3. Classification of Violations
 - a. Each violation deemed “minor” has a mandatory penalty of a fine not exceeding \$50. In order to be minor the violation must have been unintentional and corrected within one business day of receiving written notice from the EAC, must not have impacted another candidate, the elections process, or the University as a whole, and the provision violated must have been violated less than two times.
 - b. Each violation deemed “major” has a mandatory penalty of a fine not exceeding \$100. Major violations also constitute grounds for disqualification if the Judicial Committee deems the violation gave the respondent undue advantage. In order to be major the violation must have had a greater impact than a minor violation or must not have been corrected within one business day of receiving written notice from the EAC. Major violations can be uncorrected minor violations.

- c. Each violation deemed “severe” in this EPP has a mandatory penalty of a monetary fine not less than \$75 and not exceeding \$150, as well as mandatory default disqualification, unless the Judicial Committee determines that extenuating or mitigating circumstances reduce the actual severity of the violation. Severe violations include actions that result in substantial injustice to other candidates, the elections process, or the University as a whole.
 - i. Examples of “severe” violations include, but are not limited to:
 - 1. Seeking endorsements prior to the Campaign Start Date
 - 2. Violating any applicable law
 - 3. Tampering or altering any official election material or ballot
 - 4. Using force, threat or unlawful means to hinder or deter any voter from voting, or to obtain a vote for or against any candidate or ballot measure
 - 5. Directly or indirectly offering any bribe, reward, or anything of value to a voter in exchange for the voter not voting, or in exchange for the voter’s vote for or against any candidate or ballot measure
 - 6. Provide or operate any voting station, computer, or other device with intent that such device be used to mark or submit ballots, with the exception of the personal ballot of the device provider or operator.
- 4. Any person assessed a fine has the ability to use community service to reduce or eliminate the fine so assessed, at a rate of \$15 per hour. Community service will be monitored by a Judicial Committee Designee and must be completed by the Fine and Community Service Satisfaction Deadline to be eligible for fine reduction
- 5. All fines must be paid to the HUB Cashier and a receipt verifying payment submitted to the SAO by the Fine and Community Service Satisfaction Deadline. Failure to pay fines by the deadline creates a debt payable to the ASUW, for which the ASUW may utilize registration holds and other collection methods. No person having unpaid and past due fines under this EPP may be employed by the ASUW, whether in elected position or otherwise, unless that person enters into agreement with the ASUW to attach wages in repayment of the debt.
- 6. If a prevailing candidate is disqualified from winning in the election, a new special election will be conducted among the other non disqualified candidates for that position.
- 7. If a prevailing candidate fails to file for candidacy or submit financial disclosure forms by the deadlines provided in this EPP, the Judicial Committee may order that the candidate be disqualified.
- 8. Liability exists for even unintentional or unknowing violations, unless intent or knowledge is an essential element of the provision violated.
- 9. An attempt, conspiracy, or solicitation to commit a violation constitutes a violation.

10. In all instances, the actions of a candidate's affiliates constitutes action of the candidate and the actions of a ballot measure advocate's affiliates constitutes action of the ballot measure advocate.

Section X: Complaints

1. The filer of a complaint is designated the "complainant."
2. The ability, reason, and the methods for filing a complaint must be advertised on the ballot.

UW FACILITIES SERVICES POLICY

UW Facilities Services policy on campaign posters is simply that if any material hinders students or University activities, damages University property, or becomes an eyesore, that material will be removed at the discretion of the Facilities Services staff and at the expense of the candidate, if an expense is incurred. Some examples may clarify this policy:

1. Banners strung between buildings, streetlights, or trees can easily damage them. No campaign material may be posted on any buildings, flower beds, tree, shrub, litter container, light, etc.
2. A giant sign in the middle of the HUB lawn may interfere with a planned student activity to be held there. Campaign materials in the middle of other lawn or planting beds may interfere with planned grounds maintenance activities. Campaign material will only be allowed to be posted along pathways on campus and must be within three feet of the pathways. **DO NOT DAMAGE SPRINKLER HEADS OR DISTURB LANDSCAPING!**
3. A photocopied sheet posted on a stick is going to disintegrate in a matter of days in rainy weather. Signs proven to be an eyesore will be removed.
4. All campaign materials must be removed and properly disposed of by 12:01 pm., Friday, May 16, 2019. Facilities Services will charge for any campaign debris picked up after this date.
5. Chalk campaign signs will not be allowed on any surface during the elections.
6. Any signs that hinder pedestrian, bicycle or vehicle traffic or driver visibility will be removed.
7. Sandwich Board Guidelines are as follows:
 - All sandwich board signs must be approved and a permit assigned before they can be placed on campus. One week notice must be given to obtain a permit.
 - Signs may only be placed on campus during assigned times and at approved locations.
 - Signs may not be placed in locations that will impact pedestrian traffic or vehicle visibility.
 - There must be 5 feet of clearance around any sandwich board in an open paved area.
 - Damage to or loss of signs is the responsibility of the requesting department.
 - Signs may not be chained or cable-locked to University property.
 - Signs must be 24-36 inches tall and 20-30 inches wide.
 - Signs may only be used to promote University programs and functions.
 - Permission to place signs can be revoked.

A more detailed description of the University of Washington banner and sign policies may be found at: <http://www.depts.washington.edu/grounds/permits.html>

UW RESIDENCE HALL SOLICITATION POLICY

Solicitors are a security risk in UW residence halls. If you encounter a solicitor in a UW residence hall, please notify the staff at the residence hall's front desk, a Resident Adviser or the UW Police Department. The policy on solicitation is as follows:

Door-to-door solicitation or distribution of promotional materials by anyone who is not a resident of the residence hall, or by anyone for commercial activities such as newspaper or magazine sales, is prohibited.

Individuals wishing to distribute materials in the main lobby of a UW residence hall must:

1. Obtain written authorization from the residence hall's Resident Director (RD), showing the residence hall's name, the starting and ending dates and times, and the RD's signature.
2. Get separate authorization for each residence hall from the appropriate RD. For example, if you are advertising an event in both Lander Hall and Maple Hall, you will need authorization from two RDs.
3. Post the authorization in a conspicuous place near the area assigned to the distributor.

Door-to-door advertisement of an event sponsored by a UW residence hall or floor does not require RD authorization if conducted within the boundaries of that residence hall.

UW INFORMATION TECHNOLOGY POLICY

Ethics in Computer and Network Use

All holders of a University of Washington Net ID are responsible for using computing and networking resources in an ethical and legal manner. University policy prohibits account theft, file theft, violation of informational privacy, and penetration or harm to operating systems. If abuse of computer systems occurs, those responsible for such abuse will be held legally accountable.

When you use UW computing resources, you agree to the following conditions:

- To follow the rules and regulations governing the use of UW facilities and equipment.
- To respect the privacy of others by not sending them unwanted email messages, misrepresenting them when sending email, or tampering with their accounts, files, or data.
- To use only your own user identification, to use it for its intended purposes, and not to share it with others.
- Not to attempt to break a computing system or harass other people, either by developing programs for those specific purposes or by using already existing programs to do so.
- Not to use university-owned computers for illegal purposes, such as unauthorized copying of licensed or copyrighted software, images, or files.

Email Guidelines

Your use of UW email should respect others and must not interfere with the operation of the computers and networks. Therefore, you are prohibited from the following:

- Sending email to someone who has requested that you not do so
- Creating, sending, or forwarding chain letters (messages that are forwarded many times to people who have not solicited the information)
- Flooding another system, network, or user account with email • Obscuring the true identity of the sender of email or forging email messages

It is your responsibility to determine the purpose of an electronic mail list or news group before subscribing or sending messages to the list or group. Persons subscribing to an email list will be viewed as having solicited any material delivered by the list, as long as that material is consistent with the purpose of the list.

The following practices relating to email lists are prohibited

- Sending to an email list any materials that are not consistent with the purpose of the list. If you send messages not relevant to the purpose of the list, you will be viewed as having sent unsolicited email.
- Continuing to send email to a list if the list owner has requested that you stop sending to the list because you are not following the guidelines or topic established for the list.
- Harvesting email addresses from another email list in order to establish your own list. If a list is closely related to a subject you would like to initiate, it is permissible to post a message to the existing group, inviting people to sub-scribe to your list.
- Harvesting email addresses from an institution's directory or password file.
- Subscribing anyone to an email list without the individual's permission.

Telephone Solicitation Policies

In accordance with the Telephone Consumer Act of 1991, the Federal Communications Commission (FCC) issued a cold-calling rule. The rule establishing procedures to eliminate unwanted telephone solicitations to residents and regulates the use of automatic telephone dialing systems, pre-recorded or artificial voice messages and telephone facsimile machines.

1. Time-of-day restrictions – No cold calls may be made before 8 a.m. or after 9 p.m. at the called party's location.
2. Identification requirements – Persons making cold calls must provide the calling party with the name of the caller, the person or organization on whose behalf the call is being made, and a telephone number and address at which the caller may be contacted.

Instant Runoff Voting (IRV)

What is instant runoff voting (IRV)?

- IRV guarantees the winning candidate has a majority of votes, rather than just a plurality.
- It eliminates the popular notion that voting for a “third party candidate” is a “waste of a vote.” IRV has the voter rank their candidates by preference (first, second, third choice, etc.).
- These rankings provide the means to initiate a second round of recording ballots if no candidate receives a majority of the votes after voting officially closes.

It is very important to rank all candidates for IRV to be as accurate and effective as possible.

Why do ASUW Elections use instant runoff voting?

- While no voting system is perfect, IRV is generally considered the best method of voting when there are more than two candidates running for an elected position.
- IRV serves as an accurate measurement of the overall support for a candidate.
- The Elections Administration Committee encourages all voters to rank all candidates during ASUW Elections to ensure that IRV is as accurate and effective as possible.

How does IRV work?

- If anyone receives a majority of the first choice votes, that candidate is elected.
- If this does not occur, the candidate who receives the overall ranking of last place is eliminated, just as in a runoff election.
- The ballots are then counted again.
- This time, when a ballot is counted that has the recently eliminated candidate chosen as the first choice, the second choice candidate listed receives the vote.
- This process of eliminating the last place candidate and recounting ballots continues until one candidate receives a majority of the vote.
